

Visits to Southwark Park

One major advantage of being back in our original Southwark Park site is the closeness to Southwark Park. Butterfly and Ladybird classes visited on 14th April, some members of Year 5 visited on 20th April and Bluebell and Daffodil classes visited on 1st May. The Reception classes visited to look for the signs of spring and they found many flowers and blossom on the trees. Year 5 used the park to play games as a reward. Year 2 visited the park to look at the habitats of animals linking to their writing on nocturnal animals. During the course of this term many more classes will visit the park for a variety of reasons.

Attendance

There has been an improvement in attendance and it currently stands at 95.8%. Let's keep it up!

Snowdrop class had the highest attendance for the week beginning 27th April with 98.7%, whilst willow and Maple classes had the highest attendance for the week 4th May achieving 100%.

New School Meals

On Tuesday 21st April Year One and Two parents were invited to a food tasting session to try some of the food that had been provided for the children. There were many empty dishes and lots of smiling faces.

One parent commented "the food is really tasty, one of my children told me I had to come and see how good it was".

The food is prepared fresh on site including homemade bread and yoghurt, therefore ensuring that the children have a balanced nutritious meal.
