

Southwark Park Out and About

Last Friday the school watched scenes of mud and adventure as Year 6 performed their assembly about their School Journey to Liddington, telling us about the challenges they had met and overcome in the course of a wonderful week.

Year 5 had a very happy trip to the Royal Observatory, learning about the universe and planets in space. Despite the challenges of getting quickly up the hill (twice!) the children enjoyed themselves and learnt a lot.

Year 4 visited the Museum of London, attending a drama workshop called Capital Engineers and this was about building tunnels and bridges as part of their topic on the local area and Christianity.

Year 2 had a successful visit to Southwark Cathedral, making beautiful stained glass windows which can be seen in the lower hall.

Restorative Approaches at Southwark Park

As you may know, last year we introduced a system of peer mediation in which a group of children in Years 4,5 and 6 were trained to help sort out minor disagreements between children at lunch-times. This has continued this term again with a lot of training and careful adult supervision. I am very pleased to see so many of our children generously giving up their own break-time and taking on responsibility for making Southwark Park a happier place

Next week another group of children will be going for training along with 150 children from other London schools to become Anti-Bulling Ambassadors.

Again, we were very proud of the way last year's group helped to put together activities and a film for Anti-Bulling Week. I am sure this year's group will be just as impressive.

**Have a lovely weekend,
Best Wishes,
Carole Pellicci.**

Maths Week

Maths week has been a happy affair with Happy Puzzle workshops, Bubbles theatre group and class quizzes code breaking and generally seeing the creative and fun side of Maths.

Parents Evening

By now you will all, hopefully, received your time slot for parents evening on Thursday 23rd October. If you would like to make an appointment to see Ms Steiert (our acting Special Needs Co-ordinator) please speak to a member of staff on the gate or someone in the office.

Parents' Breakfast

It was good to see so many parents at last week's parents' breakfast. Thank you to everyone who came.

Parents Opinion

We do value your opinions, and are trying to find ways of addressing the issues that were raised about swimming and supervision, and making home times prompter.

Yesterday Ms Pellicci sent a letter out to Year 4 about swimming protocols.

She has also been around prompting teachers to leave their rooms on time, as well as being on the stairs to ensure a calm and quiet exit from the building.
